CV form to upload when applying for Master programme in Molecular Medicine

First Name	Last Name
Application ID	Phone Number
Email	

Application checklist

- I have read and followed the application instructions, also those specific for my **country**, specified at www.universityadmissions.se and my application is complete.
- I have read and followed the instructions specific for the **Master programme in Molecular Medicine** and specified under Requirements at www.uu.se/en/admissions/master/masterprogrammes and my application is complete.
- I have filled out this document to the best of my knowledge and uploaded this together with all supporting documents through www.universityadmissions.se.
- I have not yet obtained my Bachelor's degree, but I am expected to do so before the programme starts. I have therefore listed below, the courses to be completed during the last semester. I submit a signed certificate that I am a currently enrolled student and undertaking my last semester of studies.
- I have relevant practical/working experience and have uploaded documentation, certification and/or recommendation letter(s).

Required and meritorious courses for the Master Programme in Molecular Medicine

Completed course subjects required for the Master Programme in Molecular Medicine:

Please list completed courses in required subjects, number of ECTS/weeks studied for requested subjects (one week corresponds to 40 hours of studies) and indicate whether it is an ongoing course, expected to be completed before the master programme starts.			
Subject of studies	Course name (If applicable - included in other course*)	ECTS/Weeks of studies in the subject	Ongoing course
Biochemistry			
Cell Biology			
Chemistry			
Genetics			
Molecular Biology			
Molecular Genetics			
Other related subject courses	<i>e.g. Genomic Analysis</i>		

*) Include syllabus of completed course and highlight the parts and credits covering requested subjects

I have experimental laboratory experience (*e.g.* from course practical's or an independent project described below).

Research project

Please indicate the appropriate.

- I have performed an independent research project, internship or other. Please fill in the title, length and a summary of the project.
- I am currently undertaking or planning to do a research project as listed above. Please describe your project, including start and end date.
- I have not done any research project of this kind.

Title of performed project

Summary or project description (max 400 words)

Duration of project

UPPSALA
