UNIVERSITET

Application summary sheet for the Master's Programme in Molecular Medicine

Personal details

First name	Family name
Application number	

Application checklist

I have read and followed the country-specific requirements, specified at www.universityadmissions.se and my application is complete.

I have read and followed the programme-specific instructions for the [Master's Programme in Molecular Medicine](#), specified on the programme page.

I have filled out this document carefully and uploaded this summary sheet including all required supporting documents through www.universityadmissions.se or www.antagning.se.

I have not completed my Bachelor's degree at this point but will do so before the programme starts. I have therefore submitted a signed statement certifying that I am a currently enrolled student and participating in my last semester of studies.

I have relevant practical/working experience and have uploaded documentation, certification and/or recommendation letter.

Education

Bachelor's/Undergraduate degree

Awarding university	Country
Degree	Years of studies
Field of study	
CGPA* in local grading system (if applicable)	CGPA as % of maximum grade (if applicable)
Maximum grade in local grading system	Minimum pass grade in local grading system

Master's/Graduate degree (if any)

Awarding university	Country
Degree	Years of studies
Field of study	
CGPA* in local grading system (if applicable)	CGPA as % of maximum grade (if applicable)
Maximum grade in local grading system	Minimum pass grade in local grading system

Additional information regarding education (if any)

--

*CGPA = Cumulative Grade Point Average

Required courses

Please fill in the course name and number of ECTS credits or full-time weeks studied for the required subjects stated below. One week of full-time studies corresponds to approximately 40 hours of studies, equals to 1.5 ECTS credits.			
Subject of studies	Course name <i>In some cases, a subject is covered in a course even though it is not evident from the course name. In this case, you should include the syllabus of this course and highlight the parts covering the required subjects.</i>	Indicate completed or ongoing course	ECTS credits or full-time weeks*
Biochemistry (Required)			
Cell biology (Required)			
Chemistry (Required)			
Genetics (Required)			
Molecular biology (Required)			
Molecular genetics (Required)			
Other related subject courses			

I have experimental laboratory experience (*e.g.* from course practicals or an independent project described below).

Research/degree project

Please indicate the appropriate box below.

I have performed one or more independent degree/research projects, internships or similar. Please fill in the title, length and write a summary/abstract of one project.

I am currently undertaking or planning to do a research/degree project. Please provide a detailed description of your project, including start and end date.

I have not done any research project of this kind.

Please indicate if the project is included in another degree.

Summary/abstract of a degree project or project description.

Max one page, including project title and duration of the project. (Max 100 words per description of other projects, including project title and duration.)

Practical experience

Please describe your practical experiences gained during research work. State the place, duration and tasks. To certify this experience, upload documents and/or recommendation letters on www.universityadmissions.se or www.antagning.se.

Relevant work experience

Please describe your work experience, relevant for the Master's programme. State workplace, duration and tasks. To certify this experience, upload documents and/or recommendation letters on www.universityadmissions.se or www.antagning.se.

Statement of purpose

Please, describe your main research interest and why you want to pursue the Master's Programme in Molecular Medicine at Uppsala University. Maximum 400 words.
