Internship opportunity in the Uppsala Conflict Data Program (UCDP)

Dear student,
The Uppsala Conflict Data Program (UCDP) is currently looking for interns who would like to join our group of dedicated coders full-time during the spring semester of 2027. The internship can be undertaken as part of an internship course at your department, allowing you to receive the corresponding course credits.

As an intern, you would get unique experience from working as a research assistant with a renowned research program. You will learn about various aspects of the process of collecting data on violence, get valuable in-depth empirical knowledge, and you will do this as an integrated member of the greater coding team, of UCDP at large, as well as of the Department of Peace and Conflict Research.

UCDP collects data on armed conflicts and organized violence and has been part of the Department of Peace and Conflict Research in Uppsala since the mid-1970s. We are at the international forefront of collecting data for research and our data is frequently used in studies on conflict and their resolution.

If you are interested in interning with us in the UCDP, please send an application to Marga Sollenberg (margareta.sollenberg@pcr.uu.se) **by Friday 20 November**. The application should contain a letter and your CV.

We do not require any previous experience of data collection, but feel free to include such information if this applies to you, as well as information on potential language skills, area skills, or particular interests you may have.

See also ucdp.uu.se for more information, or, contact Marga (margareta.sollenberg@pcr.uu.se) or Lotta (lotta.themner@pcr.uu.se) if you have questions.

We hope to hear from you!

Best wishes,
Marga Sollenberg
Deputy Director, UCDP

** Please note that, in addition to these positions, UCDP also advertises for an internship specifically focused on Latin America. See further in a separate advertisement; contact person for the position on Latin America: Garoun Engström: garoun.engstrom@pcr.uu.se).*
