Application summary sheet for the Master's Programme in Medical Research

This form aims to facilitate the University's selection for the programme. Submit this document with your application. This form does not replace a transcript of records or any documents supporting your eligibility.

Identification

First name, last name <i>As stated in your application</i>
Application number

Previous studies

Degree	Awarding university	Main field of study

Required credits

This programme requires credits in a specific subject for eligibility. You might need to convert local credits to ECTS credits if your university uses a different credit system and does not provide a conversion. Please see any country-specific information at www.universityadmissions.se.

Fill in the following table to aid in determining whether the programme-specific academic requirements are met. Please note. The required credits may be fulfilled as a part of a course. If so, please state the number of credits relevant to the required subject.

Please submit the course syllabus if the course name does not clearly indicate the required subject, or if the required credits are being fulfilled as a part of the course.

Credit Conversion

One ECTS credit is equivalent to one Swedish Higher Education credit. Full-time study in Sweden entails 30 ECTS credits per semester or 60 ECTS credits per year. One week of full-time studies equals 1.5 ECTS credits or 40 hours of studies.

Knowing the total number of credits needed to get a degree in your system and the duration of the degree (number of years) you can estimate the conversion factor (CF) as follows:

$$CF = \frac{\text{number of years} \times 60}{\text{total credits}}$$

Example: Table of Required credits

For the requirement of <i>Subject</i>	Course name <i>As stated in your Transcript of Records</i>	Credits <i>Local</i>	Credits <i>ECTS</i>	Grade <i>If ongoing mark X</i>	Syllabus submitte d <i>(Yes/No)</i>
<i>Algebra</i>	<i>Mathematics I</i>	<i>3</i>	<i>5.1</i>	<i>A</i>	<i>Yes</i>
<i>Statistics</i>	<i>Mathematics II</i>	<i>3 of 5</i>	<i>3 of 5</i>	<i>D</i>	<i>Yes</i>
<i>Archaeology</i>	<i>The Viking Age</i>	<i>6</i>	<i>10.2</i>	<i>B</i>	<i>Yes</i>
<i>Chemistry</i>	<i>Biomaterials II</i>	<i>15</i>	<i>15</i>	<i>VG</i>	<i>No</i>

Required credits

For this programme, the subjects listed below are required. Note that only courses in the required subjects should be included in the tables below.

Credits in biochemistry

Course name <i>As stated in your Transcript of Records</i>	Credits <i>Local</i>	Credits <i>ECTS</i>	Grade <i>If ongoing mark X</i>	Syllabus submitted <i>(Yes/No)</i>

Credits in cell biology

Course name <i>As stated in your Transcript of Records</i>	Credits <i>Local</i>	Credits <i>ECTS</i>	Grade <i>If ongoing mark X</i>	Syllabus submitted <i>(Yes/No)</i>

Credits in genetics

Course name <i>As stated in your Transcript of Records</i>	Credits <i>Local</i>	Credits <i>ECTS</i>	Grade <i>If ongoing mark X</i>	Syllabus submitted <i>(Yes/No)</i>

Application number:

Research work experience

To certify your practical research work experiences, please submit relevant documents with your application. Documentation could include a certificate of internship or a letter of recommendation.

Please provide (maximum three examples, totalling 400 words):

- duration of the research work;
- a summary of research experiences, including methods used and results;
- how your experiences have prepared you for the programme.

Application number:

Statement of purpose

Please tell us about yourself (maximum 400 words). Include:

- your academic or professional interests and goals;
- how your experiences, skills and achievements have prepared you for the programme;
- why you want to pursue this programme and how it would benefit you.
