Act number:
Date of Receipt:

Grading review at the Faculty of Science and Technology

Exam details (To be completed by the student)

Course code	Course name
Exam date	Responsible department

Personal information

Name	Email
Personal number	Anonymity code

Motivation for grading review

Grade reconsideration is only permitted in cases of new circumstances or if the grade is clearly incorrect and the correction can be made quickly and easily.

This does not involve re-marking or re-evaluating already assessed answers, but rather the correction of obvious errors – for example, miscalculated scores.
