- Booking will be used for billing, make sure your Project contains the correct RefCode
- Using a wrong RefCode means more work to on the billing from our side and will be charged with 1000SEK per quartal and instrument
- Billing will be done per quartal
- Book only 4 consecutive bookings and work one off before booking another
- If you have 4 bookings avoid to book them for the whole day
- Last user of the day is responsible to shut down instrument
- If you are last user but can't come to the instrument: Contact the user before you, contact BioVis staff (and make sure you get a reply!)
- If you are the user before the last better contact last user / BioVis Staff OR shut down intrument

Bookings for Full Service

- Agree on date and time with staff
- Agree who books the instrument (usually you)
- If you book write into info/comment: example"Full Service Staffmember name"

Your samples: S1 or S2, contact BioVis staff in case you have pathogens or bacteria
