**HIGHER SEMINAR IN EU LAW AND PUBLIC LAW**

On September 23, we welcome you to attend a higher seminar in EU Law and Public Law with Aleksandrs Potaičuks, assistant professor (docent) at the Riga Graduate School of Law. Previously, he worked in the judiciary for more than 10 years, mainly as a Judicial Counsellor at the Supreme Court and the Constitutional Court of Latvia.

**On the recognition of foreign administrative acts**

The recognition of foreign administrative acts is seen as one of the mechanisms in international law and European Union law for the development of a common space for the free movement of goods, services, persons, and capital. However, this circulation of foreign administrative acts raises a number of questions regarding the control of such foreign administrative acts and their holders. The presentation will examine the multidimensional effects of transnational administrative acts on judicial review, including the adjudication of civil and criminal cases involving foreign administrative acts, as well as the limits of judicial review and the protection of third parties in national court proceedings.

The seminar will be in English.

**Date:** Monday, September 23

**Time:** 14.15–16.00

**Place:** Fakultetsrummet, Trädgårdsgatan 1, 753 10 Uppsala. The seminar will be followed by a reception in Blå rummet.
