Application for inclusion support for actual costs for studying abroad within Erasmus+

Within Erasmus+ outgoing students who have a child/children and/or a physical, mental or neuropsychiatric disability may receive additional funds for the extra expenses they might have in connection with their Erasmus+ student exchange or traineeship abroad.

Students can apply to cover extra costs for example for bringing necessary aid equipment such as a wheelchair or suitable adopted accommodation, necessary psychological treatments or a preparatory visit in the host country and at the host institution. You can also apply for the additional cost of childcare or additional costs linked to the need for larger accommodation if the cost would exceed top up already granted for the same purpose. Students cannot apply for funds for pedagogical support, which the host university offer free of charge to the student.

The application consists of the following two parts:

1. This application form, which the student fills in, prints, signs and mails (with regular posts) to the Erasmus team. In the application the student states the underlying reasons for the need of the extra funds, and attaches certificates (from medical doctor, psychologist etc) if relevant. This information will be handled cautiously. Only the Erasmus team will look at this application, and it will be stored in a locked cupboard in the Segerstedt building. If relevant, the Erasmus team may contact the responsible international coordinator and/or department and/or the coordinators supporting students with disabilities in order to make a needs assessment, students will be informed if a needs assessment will be carried out. The information will be kept as long as it is required depending on the agreement for the mobility project. The Erasmus team is responsible for ensuring that it is clearly stated when this information will be shredded. If you have any questions of how this information will be handled, please ask the Erasmus team. Once you have filled and posted this application please send an email to erasmus@uu.se to notify the Erasmus team that the application is on its way.

2. An application to the Swedish National Agency, Universitets – och Högskolerådet, UHR. The application is written by the Erasmus team based on the information in this application. The application of funds is sent to the relevant desk officer. For the Erasmus + programme the application is sent to the Erasmus desk officers at the Swedish National Agency. The focus will be what support is needed and the amount, why the support is needed will not (unless deemed necessary) be stated in this application.

Printed and signed application and relevant attachments (if any) should be sent to:
