## Application summary sheet for the Master's Programme in Biomedicine

### Personal details

First name	Family name
Application number	

### Application checklist

I have read and followed the country-specific requirements, listed at [www.universityadmissions.se](http://www.universityadmissions.se) and my application is complete.

I have read and followed the programme-specific instructions for the Master's Programme in Biomedicine, specified on the programme page on [www.uu.se/master](http://www.uu.se/master).

I have filled out this document carefully and uploaded this summary sheet and all required supporting documents through [www.antagning.se](http://www.antagning.se) or [www.universityadmission.se](http://www.universityadmission.se).

I have not completed my Bachelor's degree at this point but will do so before the programme starts. I have therefore submitted a signed statement certifying that I am a currently enrolled student and participating in my last semester of studies.

I have relevant practical/work experience and have uploaded documentation, certification and/or recommendation letter.

## Required courses

Please fill in the course name and number of ECTS credits or full-time weeks studied for the required subjects stated below. One week of full-time studies corresponds to approximately 40 hours of studies, equals to 1.5 ECTS credits.			
Subject	Course name <i>In some cases, the subject is covered in a course which does not mention it in the course name. In this case, you should write the name of the course here and attach the syllabus with the parts covering the required subjects highlighted. Do not include the syllabus text in this form – submit it together with your other application</i>	Ongoing course (yes/no)	Credits converted to ECTS credits or weeks of studies
Cell biology			
Molecular biology			
Chemistry			
Biochemistry			

## Required courses, continued

Subject	Course name <i>In some cases, the subject is covered in a course which does not mention it in the course name. In this case, you should write the name of the course here and attach the syllabus with the parts covering the required subjects highlighted. Do not include the syllabus text in this form – submit it together with your other application</i>	Ongoing course (yes/no)	Credits converted to ECTS credits or weeks of studies
Physiology			
Pharmacology			
Neurobiology			

## Research project

I have performed one or more independent research projects, internships or other.  
*Please fill in the title, abstract and duration of the projects.*

I am currently undertaking or planning to do a research project as described above.  
*Please fill in the title, abstract and duration of the projects.*

The project is included in my Bachelor's degree.

I have not done any research project of this kind.

Abstract or project description. Maximum 250 words per project, including the project title and the duration of the project.

## Relevant work experience (if any)

Please describe your work experience, relevant for the Master's programme you are applying for; workplace, length of time and tasks. Upload documents and/or recommendation letters to certify this experience to [www.universityadmissions.se](http://www.universityadmissions.se) or [www.antagning.se](http://www.antagning.se).
