

Agreement on internship at IGP

Name of the intern

Personal identification number

Start and end date of the internship

Name of the supervisor

Provisions for unpaid internships at the Department of Immunology, Genetics and Pathology (IGP)

This agreement is signed by the intern and the supervisor and filed with the supervisor.

Internships can be granted for up to six months.

IGP is not liable to compensate the intern in terms of salary or any other monetary compensation. The internship is also not registered as a course and therefore does not generate credits.

The internship hours are supposed to be similar to that of other group members. Uppsala University's insurance agreement with the Legal, Financial and Administrative Services Agency (Swedish: Kammarkollegiet) covers studies or internships in Sweden and abroad. This insurance is valid for the time period of the internship position.

Both parties have the right to discontinue an ongoing internship with immediate effect if necessary.

I have taken note of the above provisions

Date and signature of the intern

Date and signature of the supervisor
