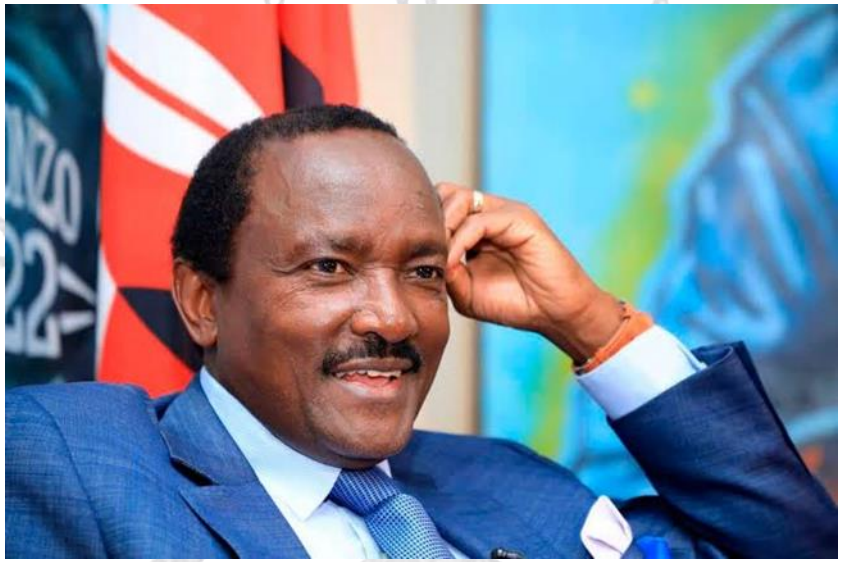
# Kenya's Development Journey: From IMF to China - An Insider's Perspective



We are pleased to invite you to a special guest lecture by Hon. Musyoka Kalonzo, former Vice President of Kenya, who will be sharing his unique perspective on Kenyan politics and development.

- Date: Wednesday, 2 October 2024
- Time: 16.00 - 17.00
- Location: Ostrom hall, entry through Gamla Torget 6/ Östra Ågatan 19

Hon. Kalonzo has played a pivotal role in shaping Kenya's political and economic trajectory over the years. His talk will provide invaluable insights into the nation's development journey, from the era of IMF-led structural adjustment programs to the growing influence of South-South cooperation, especially Kenya's evolving relationship with China. As someone deeply involved in Kenya's policy decisions, peace processes, and diplomatic relations, his insider's view will shed light on the shifts in foreign aid, economic strategy, and political alliances that are shaping not only Kenya but much of Africa.

This lecture is an excellent opportunity for you, to engage with real-world applications of development theories, and explore the complexities of global aid, partnerships, and economic strategies from a leader who has experienced them firsthand.

There will be time for questions and a chance to hear about Hon. Kalonzo's vision for the future of Kenya and Africa's place in the global economy.

We look forward to seeing you at this enriching and informative event!
